August 2021 Trail Maintenance Report

August 2021 Trail Maintenance Report

Four volunteers worked Saturday morning August 14th 2021 to perform trail maintenance activities on the Perdido River Hiking Trail. This special maintenance day was used to install turn signs at critical junctures where new hikers on the trail often report losing the trail. In addition a large amount of brush blocking the trail was removed in areas. Thank you to [Condé Systems, Inc](#) for donating the signs and Garland Kahl for donating the lumber, and also a warm welcome to Zachary Heard from the State Lands Division for joining us - thank you all!
